Lace up your walking shoes and join us for the Spring Gallery Walk!

The annual Spring Gallery Walk is a great opportunity for visitors to take a self-guided tour of Edmonton's internationally recognized visual arts scene. Each participating gallery hosts a special collection of artwork emphasizing art and artists of merit, focusing especially on work by Canadian artists.

The West End Gallery will be featuring "Edmonton at Night," a solo exhibition of new works by Fraser Brinsmead, as well as a collection of paintings by over 15 different Canadian artists. Though he has explored a variety of subject matter including musicians, construction workers, athletes, and natural landscapes, Fraser is always drawn to the urban landscape. The persistent allure of the imagery of the city is his most consistent muse. For this exhibition, Fraser pulls inspiration from his home town of Edmonton and many of the buildings he has had a hand in creating during his 36-year long career as an architect. All artwork subject to pre-sale. Exhibition continues through April 25.

Join Fraser as our gallery walk artist in residence for a painting demonstration on Saturday from 1 – 4pm and Sunday from 12 – 4pm. Please come out for the Spring Gallery Walk and experience it for yourself!

We invite everyone to join us for this special event. For more information, please visit our event page at [www.edmontongallerywalk.com](http://www.edmontongallerywalk.com)
